Mission Statement

Tapbo is dedicated to delivering projects with standards above average and within budget, on time and safely using accumulated experience plus expertise and to the satisfaction of the clients.

Vision Statement

To make Tapbo a company of choice to carry out high standard civil engineering and building works in Hong Kong.

Tapbo Group Profile

Tapbo Group have been working in the Hong Kong construction industry since 1987. Our core business is in civil engineering including but not limited to large infrastructure works under the Mass Transit Railway Corporation Limited, the Airport Authority Hong Kong and the Works Departments of the Development Bureau of the Hong Kong Special Administrative Region. Our building construction business cover construction of new buildings, Alteration and Addition (A & A) works as well as large renovation works, etc.

At present, Tapbo Group has three main companies, viz., Tapbo Civil Engineering Company Limited, Tapbo Construction Company Limited and Tapbo Environmental Limited. These three companies are concentrating in carrying out works relating to civil engineering, building construction and environmental/recycling related business.

In view of the Government's planning to advance the process on land supply especially the Northern Metropolis Development, Lok Ma Chau Loop Development and East Lantau Reclamation as well as the planned infrastructural projects on Hong Kong-Shenzhen Innovation and Technology (I&T) Park, Tung Chung New Town Extension, Tuen Mun By-pass, reclamation projects at Lung Kwu Tan and Ma Liu Shui etc., Tapbo Group is very keen to participate in the above projects and make a contribution to the community through our works in the civil engineering, building and recycling business.

Tapbo Group has a good reputation in delivering projects and tasks with high quality in a timely manner with good safety records. Equipped with adequate plant resources for both land and marine works and having a team of experienced engineering staff, we are determined to keep our good reputation in the engineering and construction fields. Furthermore, we will make the best of our abilities and resources to serve our clients and to add value for them through our expertise and diligence in handling every detail of each project or task.

TAPBO CIVIL ENGINEERING COMPANY LIMITED

COMPANY PROFILE

Civil engineering is the core business of Tapbo Group. Tapbo Civil Engineering Company Limited (Tapbo Civil) is on the List of Approved Contractors for Public Works under Site Formation Works (Group BP), Roads and Drainage (Group BP) and Port Works (Group BP) categories. In addition, Tapbo Civil is also on the Registered Contractor List of the Airport Authority Hong Kong.

After more than 30 years of continuing effort of our top management and experienced engineering team, we as the main contractor or principal sub-contractor have track records proving our ability to complete to the satisfaction of our clients those difficult and complicated engineering works including but not limited to site formation, tunnelling, and shafts, roads and drainage, bridges, port works and construction of huge reinforced concrete frame structures.

Tapbo Civil is a management-oriented contractor. We will keep our investment in plants and equipment of latest models and in members of our staff aiming at ensuring the engineering team being equipped with the necessary skills and technological knowledge to cope with the latest requirements of this technology-driven engineering market.

Tapbo Civil is the brand name for reasonable price, good progress, high quality works and good safety in civil engineering field. All these can be proved by our early completion records and safety awards received in the past years.

Our way forward is to have the continuous improvement of our service to our current and future clients.

October 2021

TAPBO CONSTRUCTION COMPANY LIMITED

COMPANY PROFILE

Building construction, A & A (Alternation and Addition) works and building maintenance are the major and developing business of Tapbo Group. Tapbo Construction Company Limited (Tapbo Construction) is on the List of Approved Contractors for Public Works under Building (Group AP) category. In addition, Tapbo Construction is one of the Registered General Building Contractors under the Buildings Department of HKSAR and is also on the Registered Contractors List of the Airport Authority Hong Kong.

After more than 30 years of continuing effort of our top management and experienced building construction team, we have track records proving our ability to complete to the satisfaction of our clients those difficult and complicated building construction works for the projects including but not limited to new building at Dawn Island in Sai Kung, re-arrangement of Library Study Area of Lingnan University, office refurbishment work for Dragages - Bouygues Joint Venture at Shui On Centre and A & A works for Hang Seng Bank Tsimshatsui Branch, etc.

Tapbo Construction is a management-oriented contractor. We will keep our investment in members of our staff aiming at ensuring the construction and renovation team being equipped with the necessary skills and technological knowledge to cope with the latest requirements in the building industry.

Tapbo Construction is the brand name for reasonable price, good progress, high quality works and good safety in building construction, A & A works and building maintenance.

Our way forward is to develop our business in new building construction and to have the continuous improvement of our service to our current and future clients.

October 2021

TAPBO ENVIRONMENTAL LIMITED

COMPANY PROFILE

Collecting, reprocessing and recycling of construction and demolition materials is an important and developing business of Tapbo Group. Tapbo Environmental Limited (Tapbo Environmental) is listed on the Environmental Protection Department's Hong Kong Collector / Recycler Directory.

Tapbo Environmental started the recycling business in 2017 and have secured convenient collection point at Yuen Fat Wharf in West Kowloon. We have been handling construction and demolition (C & D) materials as well as excavated materials to the satisfaction of our clients.

Tapbo Environmental is a management-oriented contractor. We will keep our investment in members of our staff aiming at ensuring the environmental team being equipped with the necessary skills and technological knowledge to cope with the latest requirements in the recycling industry.

Tapbo Environmental is the brand name for reasonable price, good progress, high quality works and good safety on the collection of excavated materials and recycling of C & D materials.

Our way forward is to develop our business in recycling industry including but not limited to excavated materials and C&D materials and to have the continuous improvement of our service to our current and future clients.

Cheung Sha Wan,
Kowloon.

Dear Sirs,

List of Approved Contractors for Public Works

I refer to your application dated 21 October 2013 and am pleased to inform you that your company has been included in the captioned list in Group B on probation under the 'Site Formation' category.

Please note that you have to abide by all procedures laid down by this Bureau and its departments and refer to existing and future technical circulars and publications published from time to time. These circulars can be obtained from our website at <http://www.devb.gov.hk>.

Please be advised that fellow subsidiaries of the same holding company, holding and subsidiary companies, which have been admitted to the captioned list and the List of Approved Suppliers of Materials and Specialist Contractors for Public Works (the Specialist List) irrespective of whether they are under the same category are each required to give an undertaking that only one company will submit a tender for a particular contract. Failure to honour this undertaking will render all related tenders null and void, and regulating action will be taken for your failure to comply with the Rules for Administration of the captioned list.

/- 2 -.....

I should therefore be grateful if you would provide me with the names of any of your fellow subsidiaries, holding and subsidiary companies, which have been included in the captioned list and the Specialist List, and provide the necessary undertakings on or before **10 January 2014**. If your company does not have any fellow subsidiaries, holding and subsidiary companies on the aforementioned lists, please confirm accordingly.

Please provide for my record a copy of the Business Registration Certificate of your company whenever it is updated.

For your easy reference, a list of the approved resident full-time top management and technical staff is attached at the Annex. In accordance with paragraph 2.4.4 of the Contractor Management Handbook – Revision B, you have to keep this Bureau informed of any changes of such personnel.

Additionally, we would like to upkeep record on your senior management, such as President, Chairman, Directors, Managing Director, Executive Director, or General Manager, etc. I should therefore be grateful if you would advise me of the names and post titles (both in English and Chinese) of these personnel on or before **10 January 2014** and keep me updated of their changes at all times.

You are also required to submit your audited accounts annually and inform this Bureau in writing immediately of any factor which might affect your qualified status. This Bureau reserves the right to review your qualified status in the light of any new information relevant to your qualification.

Invitations of tenders from contractors on the list will be published in the Government Gazette normally for Government contracts with estimated value exceeding a certain limit. Tender invitations for works contracts under that limit may only be published on the Government website (<http://www.fstb.gov.hk/tb/eng/procurement/tender01a.html>) on the Internet.

Finally, I sincerely hope that you would actively tender for Government works in future and try your best to perform well in Government works contracts if given the opportunities.

Yours faithfully,

(Ms Wendy WONG)

for Secretary for Development

Kowloon.

Dear Sirs,

List of Approved Contractors for Public Works

I refer to my letter dated 10 November 2017 suspending your company from tendering for public works contracts in Group A on probation under the “**Buildings**” category of works on the captioned list.

My Finance Section has advised me that based on your management accounts for the year ending 31 March 2018 and supplementary information provided, your company is now able to meet the laid-down financial criteria for retention on the captioned list. The Director of Architectural Services has also advised me that your company still complies with the technical and management criteria for retention under the abovementioned category. After studying the case, I hereby uplift your suspension under the above category with effect from the date of this letter. You may resume tendering for such category of works.

26 February 2021

Dear Sir,

List of Recyclers for Construction and Demolition Materials

Site: Yuen Fat Wharf & Godown, 89 Yen Chow Street West, West Kowloon, Hong Kong

I write to inform you that we have completed processing your application as a listed construction and demolition (C&D) materials recycler. We shall include your company in the recycler list from 26 February 2021 till 25 February 2023.

Please note that as a listed recycler, you shall ensure that the operation of the recycling plant is legal and would not be in breach of the planning, lands as well as environmental conditions at all times. The Environmental Protection Department (EPD) reserves the right to remove your company from the list if your company breaches any statutory requirements.

In case of any change in your company's particulars (e.g. agreement terms or tenure, if applicable), you should inform this department as soon as possible so that we can amend the record accordingly.

I must point out that becoming a listed recycler shall not affect the Director of Environmental Protection in exercising his power in future under the provisions of any environmental legislation, nor shall it imply consent of this Department for you to cause other forms of pollution such as noise, liquid and solid waste discharge from any activities to be conducted at the above premises. You may need to seek separate approval(s) from other departments on any alterations and/or foreseeable amendments to be made on the existing agreement terms or tenure.

If you wish to remain in the list after expiry date, please make an application to the EPD at least 2 months and not more than 4 months before the expiry date. The absence or delay in submission of necessary documents and information may affect the process of your further applications.

For enquiries, please contact me or Mr. CHAN Tak-chuen at 3690 7751 or via email at takchuenchan@epd.gov.hk.

I look forward to your effort in recycling and protecting the environment.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Harriet S.N. Lee', with a long horizontal stroke extending to the left.
